The Court orders that the motion to remand pursuant to MCR 7.211(C)(1) is DENIED for failure to persuade the Court of the need to remand at this time. The Court will consider another motion to remand if it is supported by affidavits of the proposed witnesses to show the testimony they could have given and show that defense counsel knew or should have known of their ability to so testify; by a more complete statement of the trial testimony and evidence to support the assertion that it is reasonably likely that the proffered testimony and evidence would have changed the outcome of the trial; and by a copy of the transcript of the proceedings held on September 12, 2008, to show the trial court's reasons for denying defendant's post-conviction motions.
